Scalefusion helped EKKanoo Efficiently Manage COD Devices and Applications To Boost Device and Data Security

About the Company

EKKanoo is a family-owned business that has served the Kingdom of Bahrain for over 60 years. The company's core business is automotive retail and after-sales services for a broad spectrum of passenger and commercial products, including the flagship brands of Toyota and Lexus. In partnership with some of the world’s leading brands, it has diversified into various sectors and industries including automotive care products, vehicle hire and leasing, management consulting, IT services and security, industrial equipment, tyres, paint, and spare parts.

Business Goals

EKKanoo is one of the leading providers of automotive retail and after-sales services. Their operations demanded the proper management of COD devices and applications. Other major requirements were to publish content or applications over-the-air to individual devices. At this point, the need for a robust MDM solution became apparent.

Challenges

EKKanoo was in search of a mobile device management solution that could help them manage and monitor COD devices and applications. It was paramount to secure their data and devices to ensure uninterrupted operations and eliminate bottlenecks. This made them seek a robust solution to take care of all their device management needs.

Solutions & Features

- Location Tracking
- Content Management
- Remote Cast and Control
- Private App Store Space

Key Benefits

- Enhanced Operational Efficiency
- Increased device protection
- Improved data security
- Heightened Employee Productivity

Why Scalefusion

- Industry-leading UEM provider with simplified and intuitive mobile device management experience
- Easy to configure, deploy, and upgrade devices and apps across the entire lifecycle
- Leading choice for a scalable solution with multi-OS support
Solution

Scalefusion MDM proved to be the best fit for EKKanoo. It helped them manage and secure the COD devices which upscaled the operational efficiency and employee productivity. Scalefusion helped them keep a track of their devices with its Location Tracking feature. The content could easily be pushed to the applications and devices. Remote Cast and Control helped them to manage the devices remotely without any hassle. All of this coupled with a Simple User Interface and Customer Support impactfully rose to empower EKKanoo with efficient device management.

Key Results

Working with Scalefusion has brought out the following proven results for EKKanoo:

• Optimum COD device management
• Powerful applications management
• Increased data security
• Enhanced employee productivity
• Easy content deployment on apps

Testimonial

“We were facing a lot of challenges in managing our COD devices and applications. That’s when we switched to Scalefusion MDM. It delivered so aptly to our needs that everything worked just fine for us.” - Kuppusamy S, Senior System Administrator, EKKanoo.

About Scalefusion
